That's Not My Job!

Have you ever thought that maybe your co-workers weren't doing as much as they could to help at work?

This is a story about four co-workers - Everybody, Somebody, Anybody and Nobody.

One day there was a very important job to be done and Everybody was sure that Somebody would do it. Anybody could have done it, but Nobody did it. Now, Somebody got angry about that because it was Everybody's job. Everybody thought Anybody could do it, but Nobody realized that Everybody wouldn't do it. It ended up that Everybody blamed Somebody when Nobody did what Anybody could have done.

Now, your co-workers don't seem as bad after all, do they???
